

ThinkSeries Theme Song

Composed by Rose Lee, Lyrics by Vivien Ko

On my own, I can fly, high above, in the sky
Love being alone, I lie
There's no one on my side and I cry
But I feel someone standing by my side
Oh my friend, because of you all things seem so perfect
I wish our friendship would last till the end
ALL: The sun rises up every time you're here
Girl: Make me standing strong
All the worries gone! 😊
I want to thank you with all my love
ALL: My friend DO stay here beside I pray
ALL: All the time we've spent to play
Make me smile on my way
As what we have said.
